## POST GRAD EXAM GUIDELINES 2019

### Introduction

Time is now a major factor as we get closer to the exams! Hosting a live webinar, requires your attendance when it is convenient for the trainer. To enable you to structure your time in such a manner as to achieve successful results in your studies and exams – recorded webinars will be available on Synergia Learning's online platform!

Upon registration, you will have access to material focusing on the exam guidelines and a full explanatory recorded webinar. A sufficient amount of examples will be included and analysed for better understanding of concepts and principles that need to be applied.

The modules include material and webinar discussions focusing only on the guidelines.

### Process

Each module will have a commencement date and an end date. Once you have registered, you will have access to the system to listen to recordings and review material until the module (recording) is closed. Your registration allows you multiple access to the system during this period for the module you have registered for.

The specific details for each module as well as registration form is detailed. Please complete registration form, including proof of payment and forward to [carmen@synergialearning.co.za](mailto:carmen@synergialearning.co.za) as well as a copy to [roxanne@synergialearning.co.za](mailto:roxanne@synergialearning.co.za). Upon receipt of registration and payment, sign in details will be forwarded to you with a brief summary of how to navigate the system.

Where you have a query or require clarity on any issue related to information in the material and or recording, please forward to me and I will either respond to you directly or, post updates on the system for all to view.
